

ILLINOIS CHAPEL CEMETERY

One of the concerns of small cemetery's today is the future of upkeep, with this in mind the decision has been made as of JUNE 12, 2008 that there will be a burial plot charge of \$250.00 for the new part of the cemetery.

The old part of the cemetery continues to be used for plots that have already been reserved.

No graves shall be opened without consent of the cemetery board.

The Illinois Chapel Cemetery Association will require two hundred dollars for each new grave until a permanent head stone or grave marker is placed.

The deposit will be returned upon proof that a marker is purchased or placed on the grave.

If the family does not provide a permanent marker or evidence of purchase within six months, the deposit will be used to order a marker.

We also need contributions for the upkeep of your cemetery.

Marking of plots reserved for future use is the responsibility of the person or family reserving them in order to ensure they are not mistakenly used by others.

A temporary marker (a concrete cone with rebar and initials) should be placed flushed with the ground level so as not to interfere with mowing of grass.

All plots will be 5' x 12'.

All plots will be in line in new part of cemetery.

There will be no improvements made to the Cemetery plot, except the headstone, no fencing around the plot, no planting of shrubs or perennial flowers. Flowers must be in vases secured on headstone, except during decoration and two weeks thereafter.

Due to the damage to the cemetery graves and monuments from different backhoe services, the Cemetery Association will now only permit Luginbuel Funeral Home to open graves. You will need to contact them if you plan to have a service at the cemetery at the following numbers 479-846-2141 or 479-267-2700. We have been notified that their charges for opening adult graves are \$350.00.
