Members of the White Oak Cemetery Association of Washington County met in regular annual business session on May 30, 2016 followed by the annual meeting of the White Oak Cemetery Association appointed Board of Directors. During this meeting the Board approved a recommendation to increase the amount needed for grave openings at White Oak Cemetery to \$400.00. This amount should be included in the total funeral costs at the mortuary in charge of the interment and be authorized by the party responsible for the funeral costs to the mortuary prior to requesting an assigned grave location at White Oak. The \$400.00 should be remitted to White Oak Cemetery Association by the responsible mortuary to the above address within fifteen days following the interment.
