RE: Choate Family Graves
White Rock Cemetery

Dear Sirs,

I want to thank you for your effort to maintain records and genealogy information on your internet site. Every few years I check to see which Choate relatives have passed on and are buried at White Rock Cemetery.

This past evening, I accessed your site and checked your listing for White Rock Cemetery's occupants and lot owners. You do not have enough Choates listed. Enclosed is my listing of Choate grave markers that were there in 1985. I visited 3 years ago and saw that the huge oak tree was no longer there and many grave markers were missing. My listing starts at one side of the row and goes to the other. I may have errors on a date or two, but generally all the info is correct.

Please see your records and plot plans are adjusted to reflect all the grave sites. I'd hate to have you dig up someone already buried there. Maybe you could remark the graves after you research your old records for verification? Unfortunately I did not take any pictures in 1985.

Thank you for your help in this matter.

Sincerely,

Stephane Regis
