## Garden of Love

God gave me a beautiful garden  
left six little buds to my care  
that I watched until their fragrance to me was  
exceedingly rare  
I said, Master come see my garden  
It blooms so glad some and free  
See the bright little flower on the pathway its  
golden head smiling at me

No treasure on earth could entice me while God  
doth me to stay and live in my garden forever  
its treasures all others out weigh

Then death comes and  
falls on my garden

So Cold So Cruel and Still  
and there at my feet on the pathway  
One blossom lay broken and still

So I cried, Master come see my garden  
its blooms are drooping today

One bright little flower is missing  
Oh Master come help me pray

Then up through a glittering teardrop I saw a  
beautiful view

The Master stood there with my blossom

I HAVE IT  
I'LL HOLD IT FOR YOU

## Joyce

Upon meeting Joyce few people  
will ever know  
this beautiful lady with a heart of Pure Gold  
Most people she quickly sees through their  
mask  
with clever insults they leave without being  
asked

If she likes you and lets you in close  
Quickly you notice a lady of pure love  
Only God's Angels have that to guard babies as  
they sleep

Nothing in this world she wouldn't do  
For her family and close friends

If she don't have what they need  
She will have before that day is through

Those of us who are her family  
She will always love with all of her heart

Now that God has taken her she will always be

Among the beautiful things we will miss
