

HIGHLAND CEMETARY

14444 Highland Church Road

Fayetteville, Arkansas 72704

General Cemetary Information.

December 16, 2024

Plot records are available from the board Chairman and Luginbuel Funeral Home, Prairie Grove, Arkansas.

The Cemetery does not sell plots but sells permissions to be buried in the cemetery for \$250. Reserved plots will need to pay the \$250 fee before burial.

Checks should be made to the Highland Cemetery Fund please send to the board Chairman. They may also be deposited with Arvest bank, Into the "Highland Cemetary Fund".

The cemetery is not square; the east side fence is seven (7') feet out of line with the property line from the South boundary marker north. All plot measurements are from the North West corner post of the fence. The first 10 feet along the west fence is a walk way and not part of the burial plots. There are a total of 18 rows of 28 plots each. Each plot is 5 feet by 10 feet running East and West.

All burials **MUST** set a permeant grave marker to identify the person buried. If only a flat marker is used it should be low enough to mow over. We **DO NOT** want any more unmarked graves.

We follow the state requirements for casket burials. Cremations must be in a sealed container.
