

## BURIAL POLICIES OF OAKLAND CEMETERY

- 1) Oakland Cemetery must be notified before any burial is permitted. Contact Van Ivey at 479-409-8509 to purchase a gravesite. A site must be purchased and paid for prior to interment. If unable to contact Van Ivey, contact Michele White at 479-601-2388. The burial of two, or more, containers of cremated remains on a single grave site is permitted. However, only one single-width headstone will be permitted on a single lot. If the cremated remains of two, or more, are buried on a single lot, Oakland Cemetery must be notified before burial is permitted. All containers of ashes (i.e. boxes, urns, vases, etc.) must be buried at least 12 inches below the surface of the soil or contained in a special cremation monument. The cost of a single lot is \$350 and must be paid in full at the time of purchase.
- 2) All burials in the Oakland Cemetery, except containers of cremated remains, must include a concrete box liner or a concrete vault. Steel or plastic grave liners are not permitted.
- 3) Flowers may be placed in permanent vases or in saddles on top of the headstones. Flowers placed on the ground will be removed before the next mowing.
- 4) All foot stones placed on burial site must be flat and flush with the soil to permit the mowing of the cemetery.
- 5) All monuments shall be set on a concrete or dry pour foundation extending a minimum of 10 inches deep even with the top of the soil surface.
