Another Passenger Train  
Scheduled for Fayette-  
ville Muskogee Branch

### DAILY DOUBLE SERVICE SOON

Is the Promise Made Town on  
the Road by Officials. Is  
Needed.

Attorney Horine has returned from a trip in the interests of Westville and the towns along the Frisco branch from Fayetteville to Muskogee.

He brings assurance that a new passenger train service will be put on in a short time which will benefit all those who have to travel along the road. The morning train will pass through here going west about seven in the morning and will return at about six thirty in the evening according to the announcement. It is probable that the present trains will then be re-arranged to meet the requirements of traffic. If carried out this will make the long desired double daily service on this road. This is a needed improvement and it is hoped that the company will find it profitable.
