

"DIVERSIFICATION" SUPREME

THE chief social event in connection with the meeting of Group 3 at Prairie Grove on February 23, was the mid-day banquet served by the ladies of the town and presided over by Dr. W. H. Mock, as toastmaster. Dr. Mock's opening address was a feature in itself.

The diners were served by twenty pretty girls dressed in white and decorated with streamers indicating home-grown products of that region. Just how charming the girls are is indicated by the picture above. Following the Group meeting the girls were guests at a night entertainment of the Fayetteville Chamber of Commerce. They are:
