The Tapestry of History

Virgil Talbot wrote in his book that history is a giant never-ending tapestry with threads weaving in and out of the centuries, the scenes changing constantly, and new characters replacing the old. Family History is the history about our people, whether they were rich or poor, famous or infamous, powerful or humble. It is many nationalities, shades of color, languages and religions.

Such is the **Snodgrass Family History**. It reaches back through the pages of time to over ten generations that we know. If our research is correct our direct lineage goes back to **William Snodgrass** who was born in 1697 (One source says he was born in 1704) in Tyrone, Ireland. **William Snodgrass was my 5th great grandfather** on my mother's side of the family. My mother was **Mae Elizabeth Rauch** and her mother was **Winifred "Winnie" Lou Snodgrass** who was my grandmother. In this book I will present the descendants of this William Snodgrass.

Countless hours of research into every source at our disposal leads us to believe that we can trace our lineage back to William Snodgrass. It is only fair that we point out that there are some that doubt this lineage. The question arises with what some say; is that the Snodgrass family was from Scotland not Ireland and we must remember that this information comes from many sources in the 1600 to 1700's time frame so there are many chances that the information can have errors.

Our research says that the Snodgrass family originated in Scotland. Possibly some moved on to Ireland during various wars with England and clannish wars in Scotland. Some Snodgrass Families came directly to this country from Scotland and Ireland and it is believed that they first settled in Pennsylvania and later moved to Virginia.

Perhaps in time further research will definitely prove or disprove the Snodgrass Family place of origin. Until then we present what we honestly believe to be our correct lineage particularly from the William Snodgrass who was born in 1697 (1704) in Tyrone County, Ireland. William died 25 Sep 1766 in Black Creek, Berkeley County, Virginia. **Note:** Berkeley County, Virginia is now in West Virginia just south of Pennsylvania.

William Snodgrass was married in 1727 in Martick Township, Lancaster, Pennsylvania to Catherine Jane Patterson who was born in 1705 possibly in Virginia. She was the daughter of John Patterson. Our ancestral quest starts from this family to the Snodgrass families who migrated to Washington County, Arkansas.

Whatever the outcome of future research, our ancestors were an amalgamation of hardy people who migrated from Scotland and Ireland across the Atlantic to possibly Pennsylvania and on to the Virginia wilderness of Botetourt that he and his wife **Winifred "Winnie" Norton Bradley (Snodgrass)** decided to move west after the Civil War in

about 1870 to see if his health would improve. They decided to go to Cabin Creek, Johnson County, Arkansas. They sold most of their household furnishings and loaded what was left of their possessions in two wagons with two good teams of horses and their children.

William and Winnie Snodgrass and their children traveled overland to Chattanooga, Tennessee. From Chattanooga they loaded their teams of horses, wagons and possessions on a flatboat and floated down the Tennessee River to the Ohio River to Paducah, Kentucky. They then floated down to the Mississippi River and later changed to the Arkansas River. They then traveled by steamboat up the Arkansas River to Big Piney River, near Clarksville, Johnson County, Arkansas.

Winnie had several cousins living in Cabin Creek, Arkansas. William and Winnie farmed and lived near Clarksville at Cabin Creek, Johnson County, Arkansas for about two or three years. Their daughter Martha Alice Snodgrass died in 1873 at Cabin Creek. After Martha Alice died William and Winnie decided to move again. They decided to move near Lincoln, Washington County, Arkansas. Our Snodgrass Family History resides mainly here in Washington County, Arkansas.

Here the pattern changed and descendants scattered to the four winds. Today, descendants of William Snodgrass live in virtually every state of the Union and some foreign

countries.

Research and Notes

History is fact and speculation. The two should be kept apart, but some time facts cannot be discovered without speculation. Sometimes we have speculated, but we have tried to distinguish between speculation and fact. Many sources of information used in our research are the result of hours of research at home, on the Internet and in libraries across the United States. Many relatives, friends and total strangers have contributed.

This is your history. Where it ends depends upon you. Please begin your own family history. You should record births, deaths, marriages and other pertinent information and help correct any information that might not be correct in this book. Whether you use this book or some other method does not matter. What is important is that you should start such a history. Do it now! Too much history has been lost already.

Dedication and Thanks

This book is dedicated to my sweet mother **Mae Elizabeth (Rauch) Norwood**, who planted the seeds of genealogy in me and provided me with the drive to enhance the fruits of her earlier genealogy work. I also dedicate this book to my very loving and special wife, **Joan Evelyn (Brown) Norwood**. Joan encouraged me and never discouraged me on my genealogy efforts. She was my constant companion and chief researcher and helpmate during all of our years together so that we could become closer to our ancestors.

There were many other persons in which this book is dedicated. I would especially like to thank **Burlene (Brown) Hilton** for her help and the many resource materials in which she provided and are used in this book.

During the writing and assembling of the material for this book I met a truly professional genealogist. He was **Virgil Talbot**. My wife Joan and I were privileged to spend a Sunday with him doing research on my Rauch, Snodgrass and Talbot families. Virgil wrote two books that were very helpful in completing my book. The books were "**The Talbots, Centuries of Service**" and "**A Bit of History**". Virgil expressed that he would be honored for Joan and me to use any of the information in our book that he provided. A short time after that delightful Sunday, Virgil passed away to be with his beloved wife **Avis West Kirk (Talbot)**.

This book is also dedicated to **Clara Bee (Risley) Snodgrass** who wrote the original Snodgrass Book from which much of the information contained in this book was taken. Without Clara's hard work in putting together the first book, I most likely would not have written this book. Clara died 18 Dec 1993. Clara's son **Jerry Eugene Risley** most generously agreed to help me and provide materials from his mother's original book so that this book would become a reality. Thanks Jerry. Your mother will be glad we carried on her work.

This book is also dedicated to my 1st cousin and great friend **William Hardy Rauch** and his special wife **Ruth Ellen (Davis) Rauch** who encouraged and advised me to write this book and accompanied me on many research trips and helped gather the vast amount of information and materials required in writing and publishing this book.

I would also like to dedicate this book to the many **Snodgrass Ancestors** who made their contributions through the centuries. Without them there would be no history.

My book is laid out and written using the **Church of Jesus Christ of Latter Day Saints Personal Ancestral File Software**. Pedigree Charts of the Snodgrass line are shown along with a Descendant Outline of the descendants of the William Snodgrass family. In another section of this book I have written in Register Form about the ancestors of William Snodgrass. I have provided a brief example of how the Registry system works for those who are not familiar with it.

Register Numbering Example

The following example shows the most common (excluding Henry numbers) numbering conventions that can appear in the register report. The register may print some or all of these numbers and symbols depending upon which report options that are selected.

The Snodgrass Family History In Washington County, Arkansas

Chapter 10 - The Snodgrass Family - Introduction

10.1 INTRODUCTION

As you can observe this book is entitled and laid out as if it is only a chapter in a larger book. That is of course by design as this book is not only a complete book in itself but also a chapter in a larger book that is in the process of being written and published in the future. It is my desire to publish my dream book entitled "**The Norwood Family History**". The book you are now reading is only Chapter 10 of "**The Norwood Family History Book**". Chapter 10 entitled "**The Snodgrass Family History**" is completed and is being released at this time. I am doing this because I feel the urgency to publish this information to those persons who desire and need it for their own family history research. I decided to release these chapters as they are completed and not wait for perfection. Remember family history is constantly changing and this work is never finished.

Snodgrass Family Photographs

Figure 10.2. The William James Snodgrass, Sr. and Winifred (Winnie) Norton (Bradley) Snodgrass Family. This photograph was made in near the John Summer's store in Summers, Washington County, Arkansas in about 1876.

William James Snodgrass, Sr. and Winifred (Winnie) Norton (Bradley) Snodgrass are show in the photo with their 9 children in the wagon. Mother Snodgrass, Winifred (Winnie) Norton (Bradley), is holding baby Elnora (Note) Snodgrass (Haws) in her lap. Winifred (Winnie) Lou Snodgrass (Rauch) is seated in her father's lap. Thomas Lafayette (Fate) Snodgrass is standing behind his mother. John Phillip Snodgrass is standing behind his father and mother. William James (Bill) Snodgrass, Jr. is the boy in white with a black hat. George Washington Snodgrass is the boy seated. Margaret Jane Snodgrass (Rich) is the girl with a hat standing behind Bill, Jr. Mary Francis Snodgrass (King) is the girl with a hat seated. Florence Amanda Snodgrass (Hargrove) is the girl in the back of the wagon. Martha Alice Snodgrass is not show in the photo as she died of Malaria in Cabin Creek, Johnson County, Arkansas in 1873.

Traveling the Hard Way

Since William James Snodgrass, Sr. was in poor health, he and his wife Winifred "Winnie" Norton Bradley decided to move west after the Civil War in about 1870 to see if his health would improve. Winnie had several cousins that lived at Cabin Creek, Johnson County, Arkansas. They decided to go to Cabin Creek. They sold most of their household furnishings and loaded what was left of their possessions in two wagons with two good teams of horses and their children.

William and Winnie Snodgrass and their children traveled overland to Chattanooga, Tennessee. From Chattanooga they loaded their teams of horses, wagons and possessions on a flatboat and floated down the Tennessee River to the Ohio River and to Paducah, Kentucky. They then floated down to the Mississippi River and later changed to the Arkansas River. They then traveled by steamboat up the Arkansas River to Big Piney River, near Clarksville, Johnson County, Arkansas.

Winnie had several cousins living in Cabin Creek, Arkansas. William and Winnie farmed and lived near Clarksville at Cabin Creek, Johnson County, Arkansas for about two or three years. Their daughter Martha Alice Snodgrass died of malaria in 1873 at Cabin Creek. After Martha Alice died William and Winnie decided to move again.

Winnie had two cousins, Becky and Mint Elms living in Summers, Washington County, Arkansas. After a visit to the Elms, in about 1872, they decided to move near Lincoln, Washington County, Arkansas. While there, Winnie and William traded one wagon and team of horses for a four room log house, sealed inside with weather board and outside with siding. The farm had about one hundred acres of good farmland.

According to the old Rauch Family Bible, Winifred "Winnie" Lou Snodgrass was born in Cabin Creek, Arkansas. It is not sure where the next child Elnora (Note) Snodgrass was born. However the two children born after Elnora were born in Washington County, Arkansas. These two other children were Emma D. and Anna Augusta Snodgrass.

Figure 10.9. The Elder Snodgrass Members. This Photo was taken at the Snodgrass Family Reunion held at the John Phillip Snodgrass Home in 1932.

Top row (Left to Right): George Washington Snodgrass (b. 3 Mar 1868), Thomas Lafayette (Fate) Snodgrass (b. 4 Jan 1863), John Phillip Snodgrass (b. 29 Nov 1861), and William James (Bill) Snodgrass, Jr. (b. 18 Nov 1866).

Bottom Row (Left to Right): Winifred (Winnie) Lou Snodgrass (Rauch) (b. 29 Jul 1872), Mary Francis Snodgrass (King) (b. 8 Aug 1856), Florence Amanda Snodgrass (Hargrove) (b. 15 Dec 1869), Anna Augusta Snodgrass (Collins) (b. 20 Nov 1879), and Elnora (Note) Snodgrass (Haws) (b. 9 Aug 1875).

Clara Bee (Risley) Snodgrass tells this story of her father William James Snodgrass, Jr. He was a young man when his father William Sr. died and he then went to Boise, Idaho to work to help his mother Winnie. While in Idaho he got a job taking a string of horses to another town down river so he took a short cut. He was told there were plenty of places he could stay at night so he took the trail down the river. It was in cold weather and he traveled for two or three days and never came to any place to stay. At that time he was getting cold and hungry so he then put the horses in a fast run to keep from being almost frozen to death. Finally he came to a farmhouse. The people at the farmhouse saw him coming and they went to meet him and took him in and took care of his horses. They had him take his shoes off and walk in the snow so he wouldn't get warm too fast as his feet were frozen. When he got warm he stayed for a few days. They had lots of good food and a good bed. He then took the horses on and delivered them.

After that Clara's father Bill Snodgrass came back to see his mother Winnie in Arkansas. At this time she wanted to sell him forty acres of land off of her place. He bought the land and built a house and a barn. The 40 acres my father Bill bought was in timber. My mother and father worked clearing the land and the children helped, as they got old enough. My father Bill was a farmer; he had apple orchards, grapes, strawberries and row crops of different things. All the family worked on the farm.

Clara's grandmother Winnie Snodgrass was left alone and sold the 80 acres to Thomas Lafayette Snodgrass. He bought the farm from his brothers and sisters in about 1902. He paid \$100.00 to each of the children, totaling \$1,000.00. Thomas Lafayette Snodgrass then farmed the place and erected a new house and lived there until his death on 21 Apr 1942.

Document 10.72. My Life's Story by Homer Lawson Snodgrass Sr.

I was born January 18, 1896 about 2 miles south of Lincoln, Arkansas in a log cabin about day light, on what was known as Sugar Hill Mountain. We lived there about 1 or 2 years and then moved about 1 mile to another farm known then as the Hay's place. We lived there about a year or so and then about 1898 or 1899 we moved again south of Summers, Arkansas. It was about 2 miles closer to Possum Holler School. It was on a place that Alva Thomas Father had bought. We farmed the place and about 1899 the Frisco Railroad was building a Railroad from Fayetteville to Muskogee, Oklahoma. So one weekend Father took the family for a visit with U. S. Hargrove. I think that was in the fall of 1899. It was on a Sunday and the people dedicated the road between Lincoln and Prairie Grove, Arkansas. Just east of Lincoln about 2 miles, they had built two log cabins and were working several convicts with white and black stripe clothes and each man had a ball and chain on their right leg. We went to see them come out of their cabin with guards all around them. It was quite a sight for a lad of 4 years old. A memory I will never forget.

In 1900 or 1901 Father had taken a contract to furnish the Frisco Railroad with several ties and pilings to make the bridge just East of Summers, Arkansas. Some of the pilings were 20 feet long or longer. My Father had hired several men and their families to camp on our place and make ties and Pilings. They would have to take the bark off the pilings. Father would help them and show them what tall trees to cut and then my oldest brother Henry and Denver and I would take them to Summers, Arkansas where they were building the bridge. Henry would drive the first team, and Denver would drive the second team and your old Dad, Homer,

wasn't very old but he would set on the rear end of the log which was 20 or so foot long and use the brake when we went down a slope or hill. I will always remember those days. Well, one day the people in the camp across the creek from where we lived had two boys and they would have to carry water from our spring. One day they made Denver and me mad so Denver said lets whip those boys and run them home. So we challenged them and they ran. So we picked up some rocks and chased them into their tents and they never bothered us again.

When I started to school in 1901 mother would send us children to the store in Salem Springs, Arkansas. That was about 2 1/2 miles south of where we lived. Denver and Ray or sometimes Bess and I would go to the store. One time Mother told Ray she could have the money left to buy whatever she and Denver wanted. So the price of eggs had gone up a few cents a dozen and the merchant, Mr. James told them what they had left and Ray and Denver said they wanted it all in crackers and Mr. James told them they had enough left to buy material for a dress. But they said, oh yes, but we want crackers and so they when home eating their crackers and they stopped at every branch to drink water and then would eat some more crackers.

At the time there was two General Stores, one Bank, and one Drug Store. One time Sister Bess and I were going to Salem Springs to take our eggs to buy groceries and some of Dad's Tie workers were in the woods cutting timber for ties. So we came upon a fellow behind a tree (going to the bathroom). I guess he had a tummy ache and couldn't wait. Bess said turn your head and don't look at him. So when we got even to where he was hiding I pointed my finger at him and said BOO! When we got home Bess told Mother what I had done. Bess thought Mother would whip me, but she just laughed, and said that I shouldn't have done that. This happened in 1901, I think.

Our closest neighbors were Mr. Jim Armstrong, Mrs. White, Mr. Jim Smith and a family named Cheatham. My Uncle Henry Nunley (Mothers brother) lived about a mile from us. One time Denver and I were riding a white mare my Dad owned. We were going over to Uncle Henry's and Aunt Nancy's. The mare got scared at a hog or something and gave a great big jump, so off fell Denver and myself. In 1902 or 1903 Father bought a threshing machine. Because of this Father was gone most of the summer threshing for his neighbors. He hired a bachelor named Bill Dildrie to help. Bill's mother was old and afraid to stay by herself at night so Denver and Ray would stay one night then Bess and I would stay the other. We didn't like to stay because she never had much to eat. Some times we would have a piece of bread or bacon and gravy made with water and flour (no milk) and for dinner Navy beans without any seasoning, and sometimes the beans would not be done. We were always glad when threshing season was over.

In the fall Father and Mother would always dry a lot of apples and peaches, they had a small apple dryer and we always had plenty of dried fruit and black-eyed peas and whippoorwill peas. I remember one fall a neighbor by the name of White had a large field of peas so Dad and Mother took all us kids up there and we picked a large wagon load of peas. We really ate a lot of dried fruit and peas that winter. Father always had plenty of wheat for flour and corn for cornbread. In the early 1900's the only breakfast cereal we had was oatmeal and not much of it. Mother would take cornmeal and cook it until it was real thick and mushy and we would put cream and sugar on it and we really enjoyed it. Father would kill 5 or 6 large hogs and we always had plenty to eat. Some winters he would kill a steer, hang it high and we would have beef to eat. Dad's mother stayed with us about a month a year. His Father passed away in 1882, so Grand Snodgrass just stayed here and there with her children. I remember one winter she stayed with us. She couldn't read or write, but she sure could smoke. She would ask me to get her clay pipe. The pipe had a stem about 6 or 7 inches long. Then she asked me to get her some hot embers to use to light it with. Instead of embers I took her a piece of coal that was hot and she said, "Throw that coal of fire back and get me hot embers to light my pipe. I asked her what was the difference and she said ashes of hot embers were sweeter. So when no one was around to see me I tried the coal and then the hot embers and she was right embers were sweeter. So Grand was right.

We then left Possum Holler and moved to Dominic or Pleasant Hill about 2 _ miles west of Star Hill (Lincoln) in the fall of 1903 or 1904. Father bought old house from his sisters and brothers. There were 80 acres of land and had a good log two-story house with two rooms downstairs and two rooms upstairs. The rooms were about 16 x 18 or 20 feet with an 8-foot hallway in between. Each room had a large fireplace and boy-o-boy it kept us boys' busy cutting wood. No holidays for us, only one day for Christmas and then on the forth of July, we had no firecracker. However we would take an auger or brace and bit and drill a hole in a large stump or log and fill it with black gunpowder and then light it and run like the dickens. I think Dad had as much fun as we did.

In our home the rooms were all sealed with 1" thick boards and had thick-gray felt paper on the walls and ceiling. The logs outside the house had siding. The house was built real warm. About the first thing we did was to set out about 15 or 20 acres of apple trees. There were two wells on place and several large apple and peach trees, just enough for our household use. After we lived there a few years, Father worked at a saw mill for \$1.00 per day and his room and board. He worked out enough lumber to build a bed room, kitchen and dining room on the south side of the house and a large porch on front and also a new roof. Then in a few years he worked out enough for a new barn. The old house was north of the present house that we helped build. My brother, Denver and I helped Dad build it in 1919 just after the First

Snodgrass Family Documents, Stories & Articles

World War. Father was a carpenter and a stonemason and he worked out to get money to buy grub and clothes for his large family. Denver and I did most of the farming.

Dad would be away all week and he would tell Mother just what was needed to be done for a week at a time. He would come home Saturday and leave early Monday for another week. After a few years Father made some house moving equipment and Father, Denver and I would move houses and do wells and most any other jobs we could do to make money.

When I was about 9 or 10 years old I would walk about 1 1/2 miles to help Mr. Smith plant corn and sometimes I would make 50¢ a day. After I grew older and I would help him in the hay field and he would board me and pay me 75¢ a day. Boy I thought I was in the "MONEY". That money would buy my own clothes and have a few nickels to buy my best girl a red soda pop and a dish of ice cream. Sometimes I would buy her two red soda pops. Back in those days someone would have a party and we would play games and when we would get tired and thirsty we would have a soda pop or ice cream as long as our money lasted. Ha! Ha! After the party broke up we would walk our sweetie home and say good night and away I would go home.

About 1906 or 1907 Dad rented some 40 or 50 acres of land in the wet Prairie south of our home. We planted it in corn and had some hay on a few acres and about 1908 Dad built our first evaporator and he would buy apples and we would dry apples in the fall. The girls would work out and stay with people and keep house for them when the families were expecting a new baby and needed extra help. The only entertainment we had was to go to Church on Sunday and we would have singing Sunday Night. We always went to the Baptist Church.

About once or twice a month someone would give a party, and some times a candy pulling party and we would play "Skip to my Lou" and dance. We had fun but we had to work hard to survive. Money was scarce, "Just like hens teeth". Ha! Ha!

The first movie I ever saw I was about 11 or 12 years old. Uncle Bill Rodgers had the first picture show. The movie was silent of course. However, I would walk from home about 3 miles a day and pay a nickel to see a Charlie Chaplin or some other fool act. The building was a tin lean to. It didn't matter how much it rained or hailed or what other noise was inside, for the film was silent. But we really enjoyed it very much. Sometimes I would have a extra nickel or so and I would buy my best girl a sack of popcorn and after the show I would walk her home and sometimes it would be raining, but I didn't mind getting wet for I enjoyed the evening. After I grew older I would go to town and rent a horse and buggy for the afternoon for \$1.50 and go take my best girl for a ride. You ought to know who that was. She lived at Morrow????

You guessed it; she became your Mother and Grandmother. She was the most beautiful girl in the world to me. I finally bought me a buggy of my own and I never had any trouble finding a girl after that who was willing to ride with me. But I always went back to see Rubie she was first with me.

In the fall of 1920 I worked for an apple buyer and shipper. Two or three times a week I would send Rubie a basket of peaches or apples. I would send them by freight express in the evening and when the neighbors would see the express wagon drive up they would come over to see what I had sent her. She said sometimes the neighbors would stay and eat up lots of her nice peaches and apples. As you know she lived in Muskogee, Oklahoma at that time. I didn't get to go see her very often and late in 1920 after the fruit was picked I went to California and I would send her a box of grapes and other fruit rather than candy. You know for she was sweet enough without candy, although, I would send her a box of candy once in a while. She said her brothers would eat most of it. When I came back from California I would have a chance to go to Muskogee to see her I would not call her until I was in town and sometimes she would have a boyfriend visiting her. I would call and she would say come on over. Her friends name was Joe Lawson. So Joe would say I will go on home now, as Homer doesn't get to come often. That was nice of him. Some times Rubie would come up here and stay a few days and I would not know she was coming. But when she got here of course I most always had a date with some other girl. But when she got here my other date would just have to wait until Rubie went back home. I never had much trouble finding a girl who was ready to go for a ride, as I always had a nice horse and buggy or an old Model T Ford that would run. So after I got all my wild oats sowed and the wild hairs out of my eyes, I decided that I was old enough to bring Rubie home with me and to try to make a living for us. So we lived happy together for over 50 years. Oh, but I miss her so. My beloved wife Rubie passed away on November 9, 1975. She was just 76 years old. We had been to visit my brother Bruce and Sister May. On our way home we stopped in Tulsa, Oklahoma to see our newest Great Grandson Bryan Claxton and Granddaughter Sue Ann. While there Rubie had a fatal heart attack. I rushed her to the hospital but she never spoke to me again. She is buried in the National Cemetery, where someday I will be buried. I hope to meet her in Heaven, as I am getting along in years just turned 86 this year and I hope to live as long as the good Lord will allow....

This will probably be the last time I will try and write any more about my life.

With all my love to every one,

Homer Lawson Snodgrass Sr.

Document 10.82. Letter to Clara Bee Snodgrass Risley concerning the Bradley Family.

Joyce Bradley McComb
1730 Tessamine Road
Lexington, South Carolina 29072
9 November 1983

Mrs. Clara Risley
Rt. 1 Box 177A
Lincoln, Arkansas 72744

Dear Mrs. Risley:

I am enclosing photos of the graves of your ancestors: John Phillip Bradley Sr., his wife, Nancy Johnson Bradley and their son, John Phillip Bradley Jr. I have written information on the backs of the photographs. When I made these photos it was drizzling rain and the chalk would not stick so I could not outline them so they would stand out in the photo. I have no idea what is written on the bottom of John Phillip Bradley Sr.'s stone. I think it some kind of memorial verse. If I get back that way on a sunny day and chalk will work, I'll try to read it.

The last time I was there in 1982 I found John Phillip Bradley Jr.'s grave, but did not note he was buried next to his parents. This time the stone was broken and laying with the back side up and I like not to have found it, but because it was broken, I read all the stones more carefully and that is how I found his parents graves. This cemetery is very pretty

Snodgrass Family Documents, Stories & Articles

it is located on a sloping hill. Their graves were to the left as one enters and about half way down the hill near the fence. John Jr. is to the left, Nancy in the Middle and John Sr. to the right.

John Phillip Bradley's Head stone.

I found records at the courthouse where John Phillip Bradley Sr. was one of the Bradley's who sued a man named Peter Turney in 1862. The Civil war must have caused a postponement and in 1885 when the Case was resumed, John Phillip Sr. and his sister, Linney Bradley had died and was so stated in the record. Then John Phillip Jr.'s name appears on the rest of these records and it is evident he did not run off to Arkansas immediately after the Civil War as the stories passed down in our family indicate as he was still in Tennessee as late as 1869. That was 4 years after the war was over. I now believe he must have gone west with your Winifred and her sister Sarah Caroline in 1872.

My brother is a doctor in Sparta, Tennessee and he told me he had a patient who now lives in the house where John Phillip Bradley Sr. and Nancy lived. He said he made a house call there several years ago and they showed him the blood stains on the floor where John Phillip Jr. was killed. The court records show that the Bradley family lost the court suit and John Phillip Bradley's farm was sold to settle the debt and Nancy even lost her dower (a lifetime right to live on the farm). I assume she must have gone to live with one of her children in White Count, Tennessee. If I ever get a copy of these court records I will send you a copy, but the Xerox machine in the Clerk's office was not working the day I was there and they are to send me copies later.

John Phillip Bradley Jr.'s Head stone.

I am also enclosing a paper that shows the children of Sally Goodbread Bradley. She had one other daughter who died in 1838 and apparently these five were her only children. James T. Bradley married Mary Morris in 1815. Thomas Walton Bradley married Elizabeth Williams in 1827. John Phillip Bradley (your ancestor) Minty Bradley married Richard Bradley (the son of George Walton Bradley's half brother, Richard) in 1823 and Linney Bradley who married the same Richard after her sister, Minty, died in 1838. Linney and Richard had no children. So she had 3 boys and 2 girls. I am enclosing a copy of Sally Sr. and Sally Jr.'s wills. I have the original. You have a copy of her deed of gift to her daughter Linney. Sally Jr. was the daughter of Richard and Minty, born in 1834 and was the granddaughter of Sally Sr.

I found the graveyard of Richard Bradley's family where Sally Goodbread Bradley is buried. The dates on her tombstone are, born June 7, 1767 and died Dec. 5, 1850. The other graves here are those of Sally Jr. who died in 1857, her sister, Linney who was born in 1825 and died in 1856, their mother Minty, born in 1802 and died in 1838, their father Richard, born in 1797 and died in 1880, their brother Thomas D. who was born in 1832 and died in 1866, another brother, G. W. born 1838 died 1839, an infant of Richard Bradley and his 3rd wife, Lilla born and died same day in 1867; Linney Bradley (daughter of Sally Sr.) b. 1798 and died 1864 and Crockett Black Boy born 1846 and died 1848. There are other graves not engraved and we think they are slaves. One other grave is marked - William Butram, a soldier from North Carolina who served in the Revolutionary War - dates 1759-1848.

I am also enclosing a copy of the original will of John Bradley who was married to Mary Ledbetter when he died. They are the parents of George Walton Bradley. I have highlighted in yellow the names on this will. You will note he was married before but we do not know his first wife's name. Children by the 1st wife are: Thomas, Sarah (married Elias

Morgan), Anna, married a Jones and was a widow who lived near her brothers in Rutherford County, North Carolina, John (he left Rutherford County between 1782 - 1790) and Richard who married twice: (1) Sarah Coleman Clayton (she was a widow) (2) Winifred Williams. The children by the 2nd wife are: Metcalf who married Nancy Hampton, George Walton, Mary Bradley who married Danza Metcalf, Edward Bradley (moved to Texas about 1820 or 30), Isaac (who he married is a subject of dispute at the moment, Jennies Terry Bradley and the last one some people say is Johnson Bradley, but I think it is John W. Bradley.

One other document is where the heirs of George Walton Bradley sold his property in Rutherford County, North Carolina in 1842. I found the farm as it is still owned by Crawford descendants. The John Goodbread who is a witness to this deed was the brother of Sally Sr. Her father was named Phillip, So you see where John Phillip Bradley - your ancestor got his name -- from his two grandfathers. The Courthouse at Rutherford County will not let anyone Xerox copies of their old records, so I had to hand write this and I typed it when I got home.

The copy of the letter you sent me from Mrs. Waterhouse is interesting. She is not descended from John Phillip but from his brother, Thomas Walton (my line). His daughter, Sarah married Robert Usery Geer and they her line. I wrote her about our Geer ancestors but have never received an answer. I heard she was not well enough to continue research.

If you want any of the Johnson family history I have -- let me know. I will be glad to share it. James Goodbread wrote me that he hoped to see you soon. Maybe he has by now. If not, you will probably hear from him.

Sincerely, Joyce Bradley McComb

Document 10.87. George Walton Bradley Revolutionary War Pension Declaration.

STATE OF NORTH CAROLINA

On this 26th day of October A.D. 1832, personally appeared in Open Court before the Justice of the County Court now sitting, George Walton Bradley, a resident of the United States in the County of Rutherford and State of North Carolina aged Sixty Eight years who being first duly sworn according to law makes the following Declaration in order to obtain the benefit of the Act of Congress passed the 7th June 1832.

George Walton Bradley entered the service of the United States under the following named officer and served as herein stated. That where he resided it was the rule for all the inhabitants - at the age of 16 years to be entered on the Muster Roll - that he arrived to that age in the Spring 1780, and became a Volunteer under Captain George Ledbetter in Rutherford County, North Carolina. Sometime in the summer of the same year we were ordered out on a tour against the British and Tories, when in pursuit of them we came up with a party of them where we encamped on or near Pacotate River in South Carolina; some time in the night they made an attack on us and killed several of us. In the morning they were pursued by the horsemen and overtaken and took some prisoners. We remained in the neighborhood of that place for some time and returned home. On this tour we had no Regulation - only the orders of Col. Hampton or William McDowell. This was a short tour, perhaps not more than one month. We returned home we were placed under

regulations. I was then drafted for three months under Captain George Ledbetter and ordered on to meet the different drafts at Col. Hampton, all in the same county which at that place the Indians broke in on the frontier Settlement and murdered several persons excited considerable alarm and we were ordered back again to the lines where we were kept until our term of three months expired. We were very thinly settled then resided. I returned home and was then placed under Captain McClain for three months. We were kept on the lines to guard from the head of the Catawba to the head of the Saluda, a range of mountains more than one hundred miles in length. This was a hard service - we kept in continual motion during the three months. After our term we returned home had but a short respite. I was then a volunteer under the same Captain Bob McDowell was the commander. We were ordered out against the Indians. We were as far out Little Janisoc River at the Cowtau Town. This was a hard service. I do not know how long I was out but we performed the service allotted and returned home. Soon after my return, Captain McDaniel called for volunteers for 3 months to take another town to the Indian Nation under the order of James Miller, Col. Herndon and under the command of Col. Charles McDowell we made a considerable excursion in the Cherokee Nation. This order was for three months in fact from the time I entered the service in the year 1780 to the end of the war, I was in the service of the County. We were held in readiness to pursue the Indians or Tories at the call of our officers we were at all times ready and went when called on which was often. I have no Discharge - we never obtained any - we generally returned home under the same Captain that we went under and I did not keep the different months I served. I fought in the defense of the United States and suffered much but gained what we was in pursuit of, but now call on the public to repay me for this service then rendered. I hereby relinquish every claim whatsoever to a Pension or annuity except the present and declare that my name is not on the pension roll of the Agency of any State.

QUESTION BY THE COURT: Where and in what year were you born?

ANSWER: I was born in Warren County, North Carolina in the year 1764.

QUESTION: Have you any record of your age and if so where is it?

ANSWER: I have in the family Register taken from my father's Register at my own home.

QUESTION: Where were you living when called into the service - where you lived since the Revolutionary War and where do you now live?

ANSWER: I was living in Tyron now Rutherford County, North Carolina when called into where I have resided ever since in the same neighborhood.

Snodgrass Family Documents, Stories & Articles

QUESTION: How were you called into service – were you drafted and did you volunteer or were you a substitute and if a substitute for whom?

ANSWER: When I became to the age of 16 years I entered on the Muster Roll. We were called and owing to the thinness of the settlement where I lived, all the Liberty men was called into actual service not that we was always out but ready to cover alarm. I was sometimes drafted but have no recollection for what cause for I was at all time ready and in my place and done much service as a volunteer and an Indian Spy.

QUESTION: State the names of some of the Regular Officers who were with the troops when you served such as Continental and Militia Regiments as you can recollect and the general circumstances of your services.

ANSWER: I do not think we ever joined the main Army. All the officers that I recollect were Militia Officer, Viz: General G. Charles McDowell, Col. Joseph McDowell, Col. Hampton, Col. James Miller and Col. Richard Singleton.

QUESTION: State the names of some persons to whom you are known in your neighborhood and can testify as to your character for veracity and good behavior to your service as a soldier of the Revolution.

Sworn to and subscribed the day and year aforesaid.

Document 10.89. William Snodgrass Article.

Snodgrass, William VA Line Scott Co-no #, soldier was born 10 May 1760 in Frederick County the part that later became Berkeley County, Virginia and he lived in Washington County Virginia at enlistment and afterwards moved to Tennessee and had lived principally in Sullivan County, Tennessee where he applied 22 Aug 1832. Soldier died 18 Sep 1849 leaving no widow; the administrators of soldier's estate were Elijah Gillenwater (ed: his son-in-law) and William K Blair.

William Snodgrass (1760-1849) enlisted 1775, serving under Captains Adams, Edmondson, Dorsey and Lewis, Colonels Campbell and Shelby, Virginia troops; engaged in the battle of King's Mountain.

In 1832 he applied for a pension, which was allowed for service as private. He was born in Frederick County, VA;

died in Sullivan County, Tennessee. William Snodgrass married Priscilla had son David Snodgrass who married Elizabeth Johnson had daughter Priscilla Snodgrass who married George Pile. Source 5 - Book 57 page 86

Col. William Snodgrass of Washington County, Virginia, Sullivan County, Tennessee son of David and Martha (Glenn) Snodgrass son of William and Catherine (Patterson) Snodgrass. Source 5

At the time of the outbreak of the Revolutionary War he was living in Washington County, Virginia and he continued to live in that county throughout the war. He was to see active military service on at least seven different occasions during the war and appears to have been a volunteer every time.

Most of his service was as a Private, but he served as a Sergeant on at least one occasion. (N.B. - Several sources state that he was an officer during this war but such was not the case.) Following is a chronological account of his service taken primarily from his pension application more than 50 years later; his age then and resultant faulty memory caused his account to be somewhat disjointed and lacking in detail.

During the summer of 1775 he volunteered for service under Captain George Adams and was kept in Washington County, Virginia to guard the frontier inhabitants against the Indians.

In the summer of 1776 he volunteered again for service under Captain George Adams and served another six months in Washington County guarding the inhabitants against the Indians.

At an unknown time during 1776 he also volunteered to guard some wagons that were going to the head of New River to the lead mines (about 80 or 90 mi. from Washington County) for the purpose of procuring lead to supply the different forts in Washington County, Virginia. He stated that he did not serve under any particular officer during this period of duty.

About that same time or shortly after his return he was ordered by Col. (then Capt.) William Edmonton to take charge of a company of men to apprehend a man by the name of Cummings who had been charged with having set the Cherokee Indians onto the frontier settlers. He pursued the man above the salt works in Washington County where he took him prisoner and brought him back and delivered him to Col. Dorsey.

In the summer of 1777 he volunteered under Capt. William Edmonton and was marched to New Garden Fort on the waters of Clinch River (now in Russell County, Virginia). He was also at Richland Fort (now in Tazewell County), Capt. Smith's Fort, and Elk Garden Fort (now in Russell County). During this tour of duty the Shawnee Indians were frequently killing the frontier settlers and on one occasion

his company pursued a party of Indians below the Big Lick on Sandy River and overtook them. In the ensuing fight they routed the Indians and then pursued them onward to the Cumberland Mountains before stopping. This tour was about six to eight weeks in length.

Within two or three days after returning home he again volunteered for service under Captain Edmonton and the company returned to the same section of the country where they had previously been. This time the company was divided and he was stationed at New Garden Fort for about six to eight weeks before being discharged from duty again.

In the summer of 1778 he volunteered again and served one tour of two months in length under Lieut. William McCoones (or McCooney) and another tour of duty of two months as a substitute for James Glenn. In one of these tours (probably the latter) he was again stationed at New Garden Fort under Sergeant William McCormick of Captain James Dorsey's Company (name also seen as Daisey).

In the winter of 1779 he volunteered under Captain Lewis and Captain Evan Shelby and Participated as a Sergeant in the Chickamauga Campaign. They marched against the Chickamauga tribe of the Cherokee Nation and burned 12 Indian towns, killed some Indians, took some prisoners and destroyed and burned the Indians corn before returning home. This tour was of about four months duration.

In the fall of 1780 he volunteered under Captain Andrew Colville, Colonel William Campbell's Virginia Regiment, and they marched to Cleveland County, North Carolina. He is said to have served as a leader of the scouts under Col. Campbell. He participated in the Battle of King's Mountain on 7 Oct 1780 where a force of about 900 Americans opposed 1100 British and in an hour's fighting the British lost about 250 killed and wounded (including Col. Ferguson killed) and 664 men taken prisoner while the Americans lost only 28 men killed - although a large number were wounded. William added that a few days after the battle he received a permit to go down Catawba River on business where he remained ten or twelve days on account of high water.

Since Colonel Tarlton's troops were in this section of the country at that time, he and another man in the same company with him took to the woods and made their way to General Sumter and General Davis' army. They received a message to Col. Campbell whose army they again joined at the Moravian town where the army and prisoners were. He was discharged in the Moravian town (he said they remained there four days until a sufficient number of Whigs could be collected to pass the Blue Ridge, as there were bodies of Tories in that range of mountains) and returned home after four months service.

In the summer of 1781 he served another tour of indefinite length in which he was engaged in dispersing Tories in different parts of the county. In the fall of 1781 he

Snodgrass Family Documents, Stories & Articles

volunteered under Capt. Gabriel Hayes to go and join General Washington at Yorktown, Virginia. However before they arrived at Yorktown Cornwallis had surrendered so William was discharged and sent home. Years later (in 1832) he said that he had served a combined total of two years and eleven months active duty with the Virginia forces.

Within a few years of their marriage they moved from Virginia to Sullivan County, North Carolina (later part of Tennessee). In 1789/1790 William received "Purchase Grant" #1523 (named thus because it was paid for by cash or scrip or certificates) for 100 acres of land in Sullivan County, North Carolina. Also granted land in Sullivan County six years earlier was a John Snodgrass who may have been one of his brothers and the reason why William settled in that area. A number of early land grants are recorded to him in that county from 1790 through 1797, and there were many conveyances of land to and from William in the later county records. Over the years he was to become a man of considerable substance, as indicated by his will.

William was commissioned as a 1st Lieutenant in the Sullivan County, North Carolina (Tennessee) Militia on 25 October 1790 by Territorial Governor William Blount.

He was on the Sullivan County, Tennessee tax list for 1796 and was taxed on one white poll, two black polls, and 1100 acres of land - which is evidence that he had rapidly increased his land holdings.

On 10 October 1796 he was commissioned a Captain in the Sullivan County Regiment, and on 16 June 1801 he was appointed First Major in the same regiment in the place of Francis Berry who had resigned.

It should be noted that the census of Sullivan County for the years of 1800, 1810, and 1820 no longer exist, so nothing can be learned from these sources about the composition of his family.

William Snodgrass and John Tipton were Representatives in the Tennessee Legislature from Sullivan County in 1803-1804. When Jefferson Academy at Blountville was founded in 1806 he was made a member of the first board of trustees.

In the 1812 tax list of Sullivan County he was the William Snodgrass who was listed as living in Captain Snodgrass' District (himself) and he was then taxed on three black polls and 450 acres of land. It is likely that it was also he who was jointly taxed as "Snodgrass and Rhea" that same year on 629 acres.

William served in the "Early Indian Wars" as Commander of the Cherokee Indians at Fort Armstrong and he was Major, Lieutenant Colonel, and Colonel of William Lillard's 22nd Regiment of East Tennessee Volunteers from 4 January 1814 to 18 February 1814. It should be noted here that this

was why he was addressed in later years as "Colonel", and that it was not the usual honorary title.

During the 1830 census he was living in Sullivan County, Tennessee and his household then consisted of himself b between 1760-1770, one male b between 1790-1800, one female b between 1800-1810, and two males and one female born between 1825-1830, plus 5 slaves. This was probably a son and wife and family (although it could also be a daughter and family) who lived with him then.

William applied in 1832 for a pension based on his Revolutionary War service and his application and the supporting documents are the source for much of the data set forth herein.

He was ultimately in 1833 awarded a pension of \$80 per year (Certificate #5,933). In various associated documents in 1834 and 1843 he gave his Post Office as Abington, Tennessee.

During the 1840 census he was still living in Sullivan County, Tennessee and his household then consisted of himself as b between 1750-1760 (census error particularly since the census also identified him as a pensioner then age 80), one female b between 1790-1800, one male and one female b between 1825-1830, one male and one female b between 1830-1835, and one female b between 1835-1840 plus 8 slaves. The other members of his family then were supposed to be the widow of his son James, Elizabeth (Gray) Snodgrass, plus their children.

William is known to have owned a plantation midway between Blountville and Bristol, Tennessee and to have entertained most hospitably here. It was one of Andrew Jackson's favorite resting places when on his way to and from Washington.

William wrote his will in Sullivan County, Tennessee on 11 May 1842, seven years before his actual death. He bequeathed his son David \$1200, his daughter Nancy Meek and her heirs \$800, his daughter Sarah White and her heirs \$1200, his daughter Rebecca Gillenwater and her heirs \$1800, his daughter Mary Cox and her heirs \$800 and his New House Plantation, the heirs of his deceased son James the two plantations on which they then lived plus stock, utensils, two wagons, six Negroes and \$500, and to his daughter Jenny Fleming and her heirs \$550 (they had already received a proportionate share of his estate). After all the bequests were filled he stated that any overage was to be divided between Joel Gillenwater's children and John Fleming's children. Witnesses to his will were William Deery, David Shaver and F. Sturm.

He commented in one letter written in May 1843 (Draper MSS) that his health was then on the decline "like all old people", and that he had lost his hearing so that he got little satisfaction in conversation with his friends.
