---

When you remember me, it means that  
you have carried something of who I am  
with you, that I have left some mark of  
Who I am on who you are.

It means that you can summon me back  
to your mind even though countless years  
and miles may stand between us.

It means that even after I die, you can  
still see my face and hear my voice and  
speak to me in your heart.
