David R. Comstock

July 9, 1952 - February 1, 2013

When you remember me, it means that
you have carried something of who I am
with you, that I have left some mark of
Who I am on who you are.

It means that you can summon me back
to your mind even though countless years
and miles may stand between us.

It means that even after I die, you can
still see my face and hear my voice and
speak to me in your heart.
