### **Bobby Green**

My dad had a personality unlike anyone else. He could make people laugh, and he enjoyed life. Just ask the nurses that helped him when he was at the hospital. He enjoyed living by the creek where it was peaceful. It didn't hurt that he could watch the fish from his window since he loved to fish! Dad always had a junk project going on. He saw the value in junk that many of us couldn't. Ha Ha. Other hobbies included collecting coins, building race cars and dune buggies, gardening, as well as hunting. He lived life to the fullest.

He served in the Air Force for 8 years. After that, he used his welding skills to supervise at Latco. He owned his own semi truck and was on the road for years. He spent his last years living peacefully by the creek. He will be missed.

### **Treasured Seasons**

For everything there is

an appointed season,

And a time for everything

under heaven -

A Time for sowing,

a time for reaping,

A time for sharing,

a time for caring,

A time for loving,

a time for giving,

A time for remembering,

a time for parting,

You have made everything

beautiful in its time

For everything you do

remains forever.
