..to make it your ambition to lead a quiet life: You should mind your own business and work with your hands, just as we told you, so that your daily life may win the respect of outsiders and so that you will not be dependent on anybody.

As We Look Back

As we look back over time
We find ourselves wondering
Did we remember to thank you enough
For all you have done for us?
For all the times you were by our sides
To help and support us
To celebrate our successes
To understand our problems
And accept our defeats?
Or for teaching us by your example,
The value of hard work, good judgement,
Courage and integrity?
We wonder if we ever thanked you
For the sacrifices you made.
To let us have the very best?
And for the simple things
Like laughter, smiles and times we shared?
If we have forgotten to show our
Gratitude enough for all the things you did,
We're thanking you now.
And we are hoping you knew all along,
How much you meant to us.

Family and Friends

We all have a cherished garden we tend -
It is planted with love of family and friends.
The memories and dreams
we treasure and share
Are like beautiful roses found blooming there.
The comfort and care on which we depend
Is given with love between family and friends.
The sunshine of laughter and rain of a tear
Only make our love grow
with each passing year.
We may all be ourselves
with no need to pretend
Because of the love of family and friends;
They notice the rainbows
and weather the showers.
They overlook weeds and
praise all our flowers.
The most valuable thing
is the time that we spend
Tending this garden with family and friends.
When counting our blessings,
we know from the start
That family and friends come
first in our heart.
