Remember Me

When the sun shines upon the dew covered grasses,
Remember me, my smiles, and gentle, loving caresses.
When the rain falls from the darkened clouded sky,
Remember me and the tears I did cry.

When lightening flashes through the dark nights,
Remember me, and how I searched for what was always
right.

When thunder rolls and rumbles through the air,
remember me, and I will always be there.

When you see a rainbow arcing across the sky,
Remember me, and please do not cry.
When you see wondrous things such as waterfalls,
Remember me and how I always gave my all.

When you hear a child laugh in joy and glee,
Always, always remember me.

When you see someone that struggles to be recognized,
Remember me and how hard I always tried.

When you see a moon shining in the sky so bright,
Remember me, and my love for all that is right.

When you see the wonderful and fascinating things this world has to hold,
Remember me, as you grow old.

For all I have asked is remembrance and love,
For this is all I have ever dreamed of.

When you realize, what could have been,
What could have happened back then....
Just recall my words for that is how I wish it to be....
Always, Always.....remember me....

After Gerald's untimely death, on his personal computer, his family happened upon these words and thoughts.

CRAZY ENOUGH FOR JUST ABOUT ANYTHING....

Is there a possibility of a match? Let's see...

You never know what is possible or around the next corner. Anything! Maybe even something here. Realism, things are as they are, not as they seem.

Me? I live ATV'S, camping, skiing, I'm a lake-rat, music, reading, travel, anything, spontaneity is great. I'm usually in for anything. I love other languages and cultures. I have traveled and wandered around some, I've done a lot of things, but there's so much more.

You. Friends first, relationships develop and things tend to fall into place as they may. Take it as it comes and see what happens. Personality and class. I like a girl who doesn't mind getting dirty four-wheeling, horseback riding, camping, or going to the lake. Don't be afraid to take some chances.

I like to "clean up" and go out on the town and act like I am somebody; theater, art, dancing, or just a nice evening doing whatever the mood dictates. Again, spontaneity. I love to treat a lady special and be treated the same. Life can be like it is in the movies, sometimes.

Be aware of the big picture, but don't let it overlap or muddle the details, they are important too.
