WHEN THE DOOR FINALLY OPENS

The door finally opened and now I can go.
I've waited for this since the day I was born.
I'm going to miss you, and I hope you miss me,
But please don't be sad. I'm where I should be.

Like a cocoon. I'm free now to fly.
I merely changed over I didn't die.
The body I used to live on Earth
was simply a loan, a vessel of birth.
I'll still be with you, in all that you do,
Loving and caring and watching for you.
I'll make myself known to you, from time to time.
You'll think of me then and remember a time
When we were together or something I said,
You'll have to smile and then shake your head.

That'll be me, right there by your side,
Nudging and hugging you with my arms open
wide.

Remember, I love you, and I always will.
I'll see you again, but it won't be until
the door finally opens and you can go through...
I'll be the one that's waiting there for you.
